OUR MISSION

"To empower all people through food by providing delicious and nutritious meals to everyone regardless of their ability to pay while using mostly organic, locally sourced and sustainable ingredients"

Our Impact

In 2021, with the help of our wonderful community, FoCo Cafe...

Served 8,986 meals to our community via indoor, takeout and delivery meals.

Was gifted about 1,974 hours of donated time by 658 volunteers.

Built new partnerships with numerous farms, businesses, non-profits, breweries and individuals.

Successfully navigated the COVID-19 pandemic with the proper health guidelines and by wrapping up our volunteer based delivery system in September.

Had many impactful events to continue to raise funds and connect community members to one another.

In 2018, our wonderful community saved the FoCo Cafe by committing to becoming sustaining members as well as joining us for lunch throughout the year. Ever since, we have been thriving with the community's support and continuing our commitment to long term sustainability for our community through these **Giving Programs...**

Testimonials

"What an amazing **heart-focused** restaurant. My favorite quote posted in the restaurant, 'All people need a hand up at some point in their lives'"

-James Todd

"I was taking a bus and the most pleasant man boarded. We started chatting and he pointed at the brown building across from the Downtown Transit Center. He told me the most beautiful story about the owners, the restaurant and the clientele. I was awestruck. The other day he gave me a token to come here and eat! I saw him today and thanked him profusely. He said someday he'd have to come with me!

In astonishment I said -'You've never been?' He smiled and said 'No. I knew you'd like it.

I truly believe this man is an **Angel**, guarding the best interest of the beautiful owners. You truly are **the best of the best**, the brightest of the bright and blessed beyond compare."

-Deborah Anderson

"Truly **delicious** homemade meals! If you haven't been there, you must go! **Healthy, locally sourced** ingredients!"

-Martha McMahan
